RE: Arts Education Directory

Dear Nicole,

Congratulations on your acceptance into the Broward Cultural Division's Arts Education Directory! We are pleased to have you on our roster of talented arts and cultural education providers.

Broward Cultural Division (BCD) promotes the Arts Education Directory (AED) primarily through the programming and partnerships administered by its Education and Advocacy Section. Whenever and wherever possible, we cultivate demonstration, presentation and workshop opportunities for AED participants.

The partnership between the Children's Services Council of Broward County (CSC) and BCD is particularly noteworthy. It builds collaboration between CSC funded providers and AED participants, resulting in more exposure to the arts for children in CSC funded after-school and summer programs. CSC funded providers are required to work with the CSC. CSC providers and cultural arts programming offered through their agreement with the CSC. CSC providers negotiate determine the types of cultural arts programming most appropriate for their populations, and then contact AED participants who may be able to provide services. CSC providers negotiate directly with AED participants. BCD is not involved in the booking/free negotiation process. Until your website listing is active, this letter will serve as confirmation of your participation in the Directory. We encourage you to present it to CSC providers and inform them of your services. To cultivate relationships, you might consider conducting complimentary demonstration workshops for providers. Demonstration workshops allow potential clients gain first-hand experience with who you are and what you do.

"I am writing to let you know how grateful and appreciative we are of your generous gift to our 21st Century Community Learning students. I wish you could have seen their faces filled with surprise and their expressions of "this is for me". It was priceless! Our students benefited greatly from the activities Kidology utilized to challenge them. Some of them were able to participate in activities that they might otherwise not have gotten the opportunity to do so. I want to commend your staff and you for your patience and flexibility. It can be a challenge to meet competing demands, but you all made it possible. Ms. Reggie, Mr. Peterson, and Mr. Courtney handled their assignments with cheerful smiles and dispatch in their willingness to meet our requests. The Kidology experience was truly a blessing for our students and one not soon forgotten."
