RE: Arts Education Directory

Dear Nicole,

Congratulations on your acceptance into the Broward Cultural Division's Arts Education Directory! We are pleased to have you on our roster of valued arts and cultural education providers.

Broward Cultural Division (BCD) promotes the Arts Education Directory (AED) annually through its programming and partnerships as seminars for the Education and Advocacy Section, our Commission on Cultural Affairs, and our liaison by our liaison to the workshop opportunities for workshop opportunities for AED participants.

The partnership between the Children's Services Council of Broward County (CSC) and BCD is particularly noteworthy. It is a collaboration between CSC funded agencies and AED providers, allowing us more exposure to the arts for children in our CSC afterschool priority quarter. CSC provides an opportunity for our AED providers to be on the CSC roster, and we provide an opportunity for our AED providers to be on the CSC roster. One of our goals is to provide an opportunity for our AED providers to be on the CSC roster. One of our goals is to provide an opportunity for our AED providers to be on the CSC roster. One note: All AED participants in the Directory commit to performing services in Broward County. We appreciate your commitment to performing services in Broward County. We appreciate your commitment to performing services in Broward County. We appreciate your commitment to performing services in Broward County.

“

“BGCBC is pleased with Kidology Enterprises' overall service, but more importantly, our members are very content with the quality as demonstrated by our growing relationship.”

- JASMINE LEWIS-FONTUS

Grants Program Manager Boys & Girls Clubs of Broward County

“I am writing to let you know how grateful and appreciative we are of your generous gift to our 21st Century Community Learning students. I wish you could have seen their faces filled with surprise and their expressions of “this is for me”. It was priceless! Our students benefited greatly from the activities Kidology utilized to challenge them. Some of them were able to participate in activities that they might otherwise not have gotten the opportunity to do so. I want to commend your staff and you for your patience and flexibility. It can be a challenge to meet competing demands, but you all made it possible. Ms. Reggie, Mr. Peterson, and Mr. Courtney handled their assignments with cheerful smiles and dispatn in their willingness to meet our requests. The Kidology experience was truly a blessing for our students and one not soon forgotten.”

- DR. CAROL J. JOHNSON-COOTE,
